" Thousands of years ago, a barrage of meteors called forth from the vastness of space by humanity's greatest enemies rained down on Golarion, cutting short the remarkable human empire of Azlant while plunging the world into an era of darkness. Parents and teachers need to understand that sixth-graders still need help with ideas, especially finding ideas that use materials that are readily available and that can be completed within the allotted time frame. These are topics and experiments suitable for upper-grade school or entry-level middle school. They are still appropriate for sixth-grade science fair projects but may take more steps and/or time to execute. Ruins of Azlant is the twenty-first campaign to grace the pages of the Pathfinder Adventure Path series, and ran from August 2017 to January 2018. However, dread settles in as they notice that the colony is empty and abandoned. After preparing their allies for the impending assault, the heroes must fight their way through the submerged ruins of an ancient weapons facility packed with dangerous guardians and unstable magic to stop their monstrous foes before the veiled masters unleash a devastating eldritch attack to exterminate humanity and plunge the world into darkness just as they did when they brought Azlant to ruin so long ago. This is also a good grade level for presenting data in graphs and charts. There, the adventurers discover the submerged ruins of a cathedral dedicated to a now-dead god that has become a lair of an ichthyic monster and its cunning minions. An ancient enemy was accidentally released from its prison and has resumed its millennium-old machinations to punish the hubris of humanity once again. What type of insulation holds in heat the best? Beyond the Veiled Past Written by Thurston Hillman Released January 2018 The insidious veiled masters who sunk Old Azlant beneath the treacherous ocean in ancient times mobilize their forces against the heroes' allies, even as the adventurers themselves close on their enemies for a final confrontation.
